

Affirm Lidding Films

- Seals directly to RPET/CPET/OPS/HIPS/ PLA/PP trays
- Barrier or breathable options
- Clear or printed
- Enhanced tamper evidence
- Micro and macro perfs
- Anti fog available
- Lighter than rigid lids

Applications

General Purpose Lidding Films

- **Ideal for perishable foods:** prepared meals, salads, fruits, vegetables, etc.
- Modified atmosphere: suitable for barrier and breathable applications depending on the type of produce. Laser perforations for custom transmission rates also available.
- **Lidding types:** peelable, permanent seal (lockdown), and peel & reseal.

82% of consumers think freshness is an important purchasing factor when food shopping. Our general purpose lidding films for trays keep food fresh with enhanced tamper evidence providing security for consumers.

Affirm™ Lidding Films run on a diverse offering of tray sealing equipment.

Inspired Packaging for Today's Lifestyles

High Performance Lidding Films

- Ideal for challenging sealing and process conditions: artisan meats, seafood, poultry, fish, pre-sliced cheese, etc.
- Industry-leading high pressure pasteurization (HPP) performance: ideal for guacamole, salsa, hummus, etc.
- **Barrier protection:** high barrier film structures available to protect against oxygen & moisture, extending the shelf life of products.
- **Lidding types:** peelable, permanent seal (lockdown), and peel & reseal.

For food products that are sensitive to oxygen & moisture as well as sealing applications that require superior seal integrity, our high performance lidding films provide excellent barrier properties without sacrificing product visibility.
